

Industrial Inventions Foldable

Directions: One of the biggest reasons for the growth of industry in England were the creation of new inventions. Using the list of inventions, inventors, descriptions, and pictures you are given, create an Industrial Revolution Inventions foldable. Your foldable should include all of the following:

- A title page with the topic of the foldable (**Industrial Revolution Inventions**) and your name.
 - A page for each new invention that includes:
 - the name of the invention
 - the name of the inventor
 - a description of the new invention
 - a picture of the new invention.
- You may use scissors and glue to cut and paste these things from the sheets you are given.

You will be given class time to work on this assignment, and it will be due next class.
